Press Release

Co-Mo Offers Prepaid Option to All Members

Colleyville, TX, October 22, 2007: After having successfully completed its pilot program, Co-Mo Electric Cooperative of Tipton, Missouri began promoting its prepaid option to cooperative members through Exceleron Software's Prepaid Account Management System (PAMS).

During the pilot program, Jennifer Mercer, Customer Service Supervisor, indicated her desire to help those members who are unable to come up with the initial deposit was a leading factor in the promotion of prepaid. "We've seen how greatly this benefits members – particularly those who are new to the area or have no established credit," stated Mrs. Mercer. "We've also been utilizing the benefit of applying an existing deposit to an unpaid balance to help members catch up on their account and avoid disconnection of service."

Co-Mo hopes to continue enhancing member services through innovative offerings such as prepaid service and Exceleron looks forward to continuing its work with Co-Mo in this particular venture.

About Exceleron Software

Exceleron Software, a software development company based in Colleyville, Texas, has over 10 years experience in the prepaid industry from a development, member services, and marketing standpoint. Having first entered the prepaid industry through its development of a total prepaid alternative for telecommunications providers, Exceleron turned its efforts to applying this same knowledge to electric service providers in 2004.

Memberships and Affiliations: Exceleron is a Silver Associate member of NRECA; certified as MultiSpeak compliant and as a MultiSpeak Software Developer; and was a presenter at NRECA's TechAdvantage in Las Vegas in 2007.

Exceleron welcomes all speaking engagements and presentation opportunities. Please call 972-852-2711 to learn more about Exceleron and its prepaid solution with patent pending.
